

## **MOOC's Material for reading and review**

Material has been provided for you to give you a start on the basic understanding of what a MOOC is and who is offering them. This should not be considered a complete resource list – It is just to get you started. You may use your own resources as well:

- Seven Things You Should Know about MOOC's – Educause Learning Institute (ELI)

From: <http://net.educause.edu/ir/library/pdf/ELI7097.pdf>

- MOOC List (claims to be) a complete list of Massive Open Online Courses offered by the best universities and entities. Should give you an idea of what types of courses are being offered by which institutions.

From: <http://www.mooc---list.com>

- Massive Open Online Course – from Educause. What is a MOOC and additional resources.

From: <http://www.educause.edu/library/massive---open---online---course---mooc>

- Google wants to Power Online Learning: MOOC.org as partnership between Google and EdX. Some recent news for your consideration.

From: <http://www.fastcompany.com/3016957/google---will---power---the---online---learning---revolution---with---moocorg>

### **Two videos for your review:**

- What is a MOOC at:

<http://www.youtube.com/watch?v=eW3gMGqcZQc>

- Success in a MOOC at

<http://www.youtube.com/watch?v=r8avYQ5ZqM0>
